mine tract -

40z.

mine shaft/tunnel keeps coming through

4½ - he is not provoking or antagonizing his captors. He is relaxed, calm, he is making the appearance that he is cooperating with them, but he is playing a waiting game, he is waiting for them to make a mistake. This is something he learned in a special training program. Survival/resistance training.

4½ - he is not quite sure where he is. He's been moved to this location within the last day or so -- picture him in the back of a canvas covered cargo truck. He is bound and blindfolded. The road is very rough and bumpy. I want to say that this a military looking truck. This truck may have been altered in such a way as to appear like a friendly military vehicle.
